SULLIVAN GETS TEN YEARS IMPRISONMENT

Thomas Sullivan, the man who was arrested at Fort Bragg recently on a charge of burglary was sentenced to serve ten years in the San Quentin prison by Judge J. Q. White in the superior court yesterday morning. He was taken to San Quentin Thursday afternoon by Sheriff Ralph R. Byrnes and will commence serving his time immediately.

When court was called at 10 o'clock yesterday morning the first case was that against Sullivan. The defendant was brought into court by the Sheriff and stated that he had no attorney and that he did not desire one. The complaint against him was read by District Attorney Duncan and the defendant entered a plea of guilty. Judge White then pronounced sentence and the man was returned to the county jail. Sullivan appeared unmoved when the sentence was pronounced, only bowing his head and muttering, seemingly to himself, "I will never see daylight again." He is a man of 46 years of age, which will mean that the best part of his life has been wasted when he has served his time.

Sullivan was arrested at Fort Bragg December 20, 1911 by Deputy Constable E. P. Johnson on a charge of burglary. It was alleged that Sullivan entered the meat house of the Union Lumber company on the night of Decebmer 19 by breaking through the door. The warrant for the arrest was sworn to by O. H. Seaholm and the defendant was taken before Judge F. A. Whipple, where he was bound over to the superior court with bonds fixed at $800. Being unable to furnish this amount Sullivan has been held in jail awaiting his hearing.

This will be Sullivan's second term in San Quentin, having been sentenced there from San Francisco on a charge of robbery. He was sentenced on March 26, 1902 to serve ten years, and was given the minimum time which expired September 21, 1908. Shortly after that he came to this county and worked in the woods near Fort Bragg. He has been there constantly since that time and was always known as a quiet citizen until the trouble several weeks ago.

A TOWN HITCHING RACK

The town trustees are having a hitching rack built on the lot south of the Eagle building for the convenience of the people doing their trading in this city. The rack will cover three sides of the lot leaving ample room or a driveway and to accommodate a number of rigs.

SAVINGS BANK PROSPEROUS

At their stockholders meeting last week the Savings Bank reelected J. H. Barker, G. W. Stout, J. L. Mc Cracken, Otis Redemeyer and Judge J. M. Mannon directors. The bank has enjoyed a prosperous year and besides paying $8,000 interest on savings deposits, 6 per cent to stockholders, they carried over a neat balance to the reserve fund.

BEN NOONAN IN CUPID'S CORRAL

The "Reno Gazette" of last Thursday evening has the following announcement which will be read with much interest by the many friends of the young gentleman mentioned in this county, where he is well known. No mention of the engagement has been announced in Santa Rosa, Ben's home town, and it was not known that he was soon to become the captive of Mr. Cupid.

The Reno paper contained the following announcement: "Ben Noonan, the well known Santa Rosa cattle buyer who makes his Nevada headquarters at the Overland Hotel, is receiving all kinds of congratulations today from the stockmen who are corraled here during the cold weather. The news reached this city that Ben is to be married on the 15th to a young lady of Santa Rosa. Mr. Noonan acknowledged his engagement, but declined to devulge his affianced's name."

DESPONDENT WOMAN COMMITS SUICIDE

(Press' Special Service)

FORT BRAGG, Jan. 11—Mrs. E. Herman niece of Henry Helman of near town, in a fit of despondency shot hreself in the right ear Tuesday aftrenoon, death resulting. She had been a sufferer from tuberculosis for several years and been confined to her bed for some months past. The revolver lay on the table beside the bed, she having wanted it near her as she felt afriad when she was left alone. She had been in very poor health. The weapon was held close to the ear and but a faint report reached the ears of her mother who was making a fire at the time in another room. Judge Whipple impannelled a jury and held an inquest over the remains, the findings bieng that she had come to her death through suicidal intent. Deceased had been married some years since but was separated from her husband.

ANNUAL GUEST DAY BRILLIANT AFFAIR

The annual Guest Day of the Saturday Afternoon Club was held on the afternoon of January sixth at the home of Mrs. E. B. Gibson. The hostesses were Mesdames E. B. Gibson, McCowen, Marks, Seawell, Mannon, and Miss Reeves.

Mrs. Gibson's beautiful new home, opened to guests for the first time on this occasion, made an ideal setting for the happy, handsomely gowned, women that thronged the spacious rooms. In the large music room the orchestra played during the afternoon. A vocal solo was beautifully rendered by Miss Marguerite Thomas and a piano solo equally well by Miss Gertrude Jamison.

A unique feature of the program was a vocal duet by Miss Leila Gibson and Miss Gertrude Jamison, the young ladies accompanying themselves on two pianos.

In the softly lighted dining room, which was decorated with red carnations, the daughters of the club ladies served punch and wafers throughout the afternoon. A large number of ladies accepted the hospitality of the club and altogether it was a very pleasant affair.

LARGE CLASS TAKE THE EXAMINATION

The Board of Education of Mendocino county is in session this week, holding the examination for teacher's certificates. On account of the large class of fifteen applicants the examination is being held in Sanford's hall instead of the small board rooms. The questions have been answered rapidly and it is probable that all of the papers will be corrected and the successful ones announced by Sunday evening.

Three of the young ladies who are taking the examination here, Misses Rachel Werner, Avis M. Cureton and Marguerite Connolly, took the examination in Lake county last week and were all successful, being awarded certificates in that county. On account of the recent ruling, however, which was made necessary on account of the many teacheers of other counties having Mendocino county certicfiates issued on the ones they held and thus flooding this county with teachers, those holding certicfiates in other counties must taech two yaers before their certificates will be honored here.

VAN NADER CAN FIX IT

It looked for a while last week as if the Press would have to disappoint its readers in the amount of news published this week. On Friday afternoon a casting was broken on the typesetting machine which could not be duplicated in San Francisco. Things were blue around the Press office for a while but the editor finally remembered that Van Nader had been advertising that he could "fix it". Bert was sent for and by Monday morning had repaired the injury and the machne was working as well as ever.

FAIR PLAY

Written Especially for the "Republican Press"

BY DONALD LOWRIE

When a man owes you money and pays you are satisfied, you consider him an honest man and a good citizen.

When a man breaks the law or it becomes necessary to send him to the State Prison, and when he goes to the State Prison, pays the penalty and is discharged he should be looked upon in the same light as the man who pays the debt, and he is entitled to a chance and should have a fair opportunity to become a useful citizen and a working unit in the community. At the present time we discharged from the State Prison do not get this chance, and it is for the purpose of giving them a chance and helping them toward self-redemption that a bureau has been established in San Francisco.

At the present time this bureau is confining its efforts to men who have been discharged from prison and come to it seeking assistance. Already scores of men have been placed. But it is the hope and intent of those having this bureau in charge to gradually extend its scope so that the time may come when the discharged prisoner will be met at the prsion gate and told a position is open and ready for him if he wants it.

In order to carry on this very practical work effectively two things are necessary—jobs for men, and finance for getting them the jobs.

Any preson willing to give one man a chance, or anyone willing to help finance this bureau may do so by sending a leter of advice, stating the nature of the work offered, with pay, etc., or a letter enclosing subscription to the bureau. Letters should be sent to The Mutual Aid and Employment Bureau, 508 Pacific building, San Francisco, where the same will be gratefully reeieved and promptly acknowledged.

Regular subscription blank forms may be had of Manager W. R. Cox of the Victory Theatre, and your support is earnestly solicited.

The Fraternal Orders Install and Banquet

Now is the season of banquets and the lodge man has had the chance of a lifetime to get in several square meals during the week. The festivities started with Cornelia Rebekah lodge Monday night. There was a public installation and over 200 Rebekahs and their guests were present.

Mrs. Emily Horton was installing officer, assisted by Miss Clara Rowe as grand marshal and the following grand officers: Fannie McCowen, Mary Orr, Belle Wilson, Carrie Garsey, Orpha Chilson, and Celia Lobree, supported by Hazel McGarvey, Susan Gibson, Lydia Mankins and Bertha Emery as aids. The installation work was a very near approach to perfection and was thoroughly apprecited by the guests and members.

The officers installed for the ensuing term were: Emma Meyer, p g; May Beckley, n g; Addie Richardson, v g; Celia Loree, warden; Susan Gibson, con; Ganzada Puett, sec; Maggie Clark, treas; Helen Carpenter, r s n g; Carrie Garsey, l s n g; Mary Orr, r s v g; Laura Shattuck, l s v g; Rhoda Corley, i g; Fannie Buckstein, o g; Clara Rowe, chap; Lydia Mankins and Hazel McGarvey, altar supporters; Rena Ford, Nellie Bucknell, Alta Mathews, Katherine Foster, banner bearers; Della Southard, piansit.

After the installation there was a short program and then every one adjourned to the banquet room where a turkey supper was served. Eight of the gentlemen of the Rebekah degree donned white aprons and caps and attended to the wants of the guests. George Johnson proved the banner waiter securing the only tip that was offered which naturally made his assistants extremely jealous.

The tables were cleared away and a pleasant hour was spent in dancing, Della Southard presiding at the piano.

The guests departed voting the Rebekahs ideal entertainers and a number of new members will undoubtedly be added to this popular lodge.

ODD FELLOWS BANQUET

On Tuesday night Ukiah lodge No. 174, I. O. O. F., kept open house, the occasion being the installation of officers and a general rejoicing at the prosertiy of the lodge during the past year. D. D. G. M. G. A. Smart of Willits was the installing officer and the lodge room was packed with members and visiting brothers when the ceremonies commenced.

Charles Hopkins acted as grand marsahall and Past Grands S. B. Hatch, F. A. Sackett, G. A. Johnson, T. J. Weldon, Lee R. David and T. A. Lucas acted as grand officers. District Deputy Smart was very proficient in his work and the installation ceremony went off without a hitch and was pronounced the best ever put on in Ukiah lodge.

After installation the Odd Fellows adjourned to the banquet room where a bountiful supply of roast turkey and other things that go to make up a first class feast were served. Everyone felt in a particualrly happy manner and after the edibles had disappeared a pleasant hour was spent over the cigars.

The following are the new officers: A. O. Carpenter, p g; A. N. Evans, n g; Nathan Beckley, v g; W. O. White, sec; Julius Roller, treas; T. J. Weldon, r s n g; B. F. Toles, l s n g; N. Anker, warden; C. B. Hopkins, cond; George Whitehorn, i g; W. T. Rice; r s s; J. W. Butts l s s; W. M. Cox chap; Mack Howard and Chris Bruns s v g.

KNIGHTS OF PYTHIAS INSTALL

Wednesday night the Knights of Pythias invited in their wives and sweethearts to witness their public installation and to help with the banquet that followed. A goodly crowd was in attendance and everything went off in good shape. District Deputy Geo. A. Stout acted as installing officer. The officers were installed as reported in the Press last week. After lodge the banquet committee announced that everything was in readiness and a very pleasant time was spent discussing the roast chicken and other delicacies. The Knights of Pythias have always been famous for their banquets and the present one was well up to the standard.

EAGLES HAVE BIG EAT

Ukiah Aerie, F. O. E., installed officers last Thursday night, District Deputy T. A. Lucas doing the honors. The following are the new officers: G. A. Johnson, w p; Frank LaPorte, v p; Jack Warren, sec; Louis Hofman, treas; Henry Keller, chap; F. M. Roder, E. B. Gibson and Ed Porter, trustees; C. C. Brewer, cond; Arthur Holliday, i g; Fred Miller, i g; Judson Liftchild, physician. On last night a chase of about forty were initiated into the mysteries of the order which marks a revival in Eagledom and makes the local lodge with about 300 members one of the largest fraternal orders in the county. Worthy president Johnson has announced that he intends making this the banner year of the order and a good start was certainly made. The affixing of wings on the new members was celebrated with a turkey feast and besides a large attendance of local members there was a goodly gathering of birds from other aeries.

Keller's orchestra furnished music during the banquet A number of prospective Eagles were invited and the hospitality of the Ukiah nest is unquestioned.

DRIED FRUIT WORTH MANY THOUSANDS

The casual observer would not suppose that the fruit shipments from Ukiah valley would amount to much but W. M. Cox, who for a number of years has bought fruit in this valley reports that the dried fruit industry is growing every year and that in time will undoubtedly be one of the main industries. During the past season Mr. Cox has shipped over $31,500 worth of dried fruit, the last shipment being some 20 tons of pears last week.

The largest shipments from the valley are dried prunes over 200 tons having been shipped by Mr. Cox alone. About five tons of apples dried in Anderson valley and 24 tons of prunes from this valley were also shipped. As Mr. Cox was not the only buyer in the field it can be seen that the fruit indsutry brought in probably in the neighborhood of $50,000 during the last year.

JURY DISAGREES IN FAMOUS BOOZE CASE

The jury in the case against Mike D. Nolan of Mendocino, who is charged with selling liquor in a dry territory, disagreed and the case will again be tried although no date has yet been fixed for the hearing. The case was tried at Willits Tuesday in the justice court before Judge E. M. Whitney and after being out about three and one-half hours the jury failed to agree and were discharged. The jury stood 7 for conviction and 5 for acquittal.

Sheriff Ralph Byrnes and District Attorney Robret Duncan left for Willits Tuesday to be in attendance at the trial where the District Attorney conducted the prosecution. The officials returned on the early morning train from Willits Wednesday. Mr Duncan made an earnest plea before the jury and conducted his side of the case in a manner which reflects much credit to this popular official.

Nolan has been arrested several times on similar charges being acquitted each time and was freed of the charge only recently in Ukiah when the case came before Judge Crockett. He was immediately rearrested and it was on this charge that the Willits jury disagreed.

THREE DOLLARS PER HEN PROFIT

Bert Thomas, a prominent member of the Ukiah Poultry association, and a prosperous farmer, reports that his flock of 118 white leghorn hens netted him a profit of over $3. each last year. This is not counting 90 pullets worth a dollar each that were stolen from him. Bert has kept an accurate record of the work of his hens and to verify his figures had Lew Roach go over his accounts.

The years average for the hens from eggs alone was $2.21 and they raised 80 pullets with a market value of $80. His cost table shows that 12 cents a month is what it costs to feed a hen. Really his flock netted him more as he charged them with wire fencing and other permanent improvements that should have been divided over a number of years.

Bert says that of course rasing hens is like anything else and that you can make money out of chickens, but they must be given the best of care. Mr. Thomas' exerience in the chicken business leaves no doubt but that the man who has a small piece of land can make a good living and actually save money with a few dozen hens.

TAKE LAKE COUNTY EXAMINATION

The Misses Avis M. Cureton of Point Arena, Rachel Werner of Westport, and Marguerite Connoly of this city, were in Lake county last week to take the examination in that county for teacher's certificates. The young ladies are students of the Ukiah normal class and are taking the examination before the Board of Education of this county this week.

SUPT FRENCH BIDS FORT BRAGG ADIEU

(Press' Special Service)

FORT BRAGG, Jan. 11—Back to the simple life after twenty years of active railroad experience will be the resigning of J. G. French as superintendent of the railroad here which will take effcet March 1st. Mr. French has purchased a fruit ranch in the Rosedale addition to Santa Rosa and expects to remove with his family when his connection with the raliroad ceases. Rev. A. W. Bell, the new rector of the Episcopal church has bought the French residence and will occupy it as soon as they leave.

Eight years ago Mr. French came to take the superintendency of the road. The train such as it was that he rode on, jumped the track three times on its trip and on one curve the ties were so rotten that some of the rails fell over after the train had passed over them. But at that the road which was only a logging road, was probably in as good shape as lots of logging roads go. There were four locomotives, the present No. 4 being the largest one of the bunch, and they were of the wood burner type. The road traversed the woods as far as Alpine. It used to be a joke to refer to it as a railroad in those days. Mr. French has every reason to be proud of what he has accomplished in the time he has been here. It has been a case of be master mechanic, road master, bridge foreman and superintendent of the road all at one time. The road in its present state shows a good state of efficiency, the roadbed has been brought into fine shape, the old section has been made over and the best of everything has gone into the new section added, to Soda Spring and over the mountain to Willits. During the eight years, no passenger carried has ever suffered any injury or any of the employees sustaained any permanent injuries.

There resent equipment includes six engines, oil burners, 195 logging cars, two passenger coaches of recent design. The shop equipment has been woefully small to handle the repair end of the business but at that the service has never been impaired at any time. Sixty of the cars were shipped in by boat completely assembled but the rest have either been entirely built here or assembled. Passenger service was instituted in August 1904 as far as Alpine and a stage service was maintained from there to Sherwood. In 1907 the service was extended to North Fork and later in the same year to Muirs or Irmulco as it is called. The present schedule to Soda Spring will be maintained until such time in the spring as the new roadbed to Willits will stand the traffic.

Several names have been mentioned in connection with the selection of a successor to Mr. French but nothing nearing the earmarks of authority has emanated from headquarters.

THE PRESS AGAIN BEATS ALL OTHERS

As usual and despite the abuse of a couple of other papers printed in this city the Press was way ahead in the amount of news published last week having 539 inches of reading matter of local interest. The Times was secoond with 325 inches of editorial and news and the Dispatch a poor third with only 272 inches of local matter and clipped editorials. Naturally this showing makes the editors of the other papers sore but our subcribers are pleased so we are satisfied. We desire however to thank our contemporaries for the reading notices they gave us, which while not intended to be complimentary, proved fine advertising, as it is safe to say that every reader of the Dispatch or Times not already getting the Press went out and borrowed his neighbors to see if there really was more reading matter in the Press. As a proof that we were correct in our statements several new subscribers were added to the already large list of the Press during the week.

MINUTES OF THE SUPERIOR COURT

There was but little business of importance transacted in the superior court during the past week, the principal part of the proceedings being probate matters. With the exception of one civil suit, the entire attention of the court this week was devoted to petitions in the probate court.

In the case of H. A. Weller vs R. M. Brown and Louisa M. Brown the demurrer to the complaint was sustained and the motion to strike out denied.

In the estate of James D. Mc Dowell the first account of the administrator was allowed, approved and settled and a final decree of distribution ordered in accordance with the prayer of the petition.

An order was made appointing John Taylor administrator of the estate of James D. Cure, deceased.

In the estate of Benjaimn Aulin an order was made appointing F. F. Aulin administrator of the estate with bonds fixed in the sum of $3200.

In the estate of F. M. Davidson, B. M. Davidson was appointed administrator of the estate with bonds fixed at $100.

In the matter of the estate and guardianship of Gamble, a minor, the first account of the guardian allowed, approved and settled.

The final account and report of the administrator was allowed, approved and settled in the estate of Ellen G. Skiffington and a final decree of distribution ordered in accordance with the prayer of the petition.

Estate of Michael Alexander Singleton, decree that due and legal notice to creditors had been given and final account of the administrator was allowed, approved and settled.

In the matter of the etsate of George Henry Gamble an order of final discharge of the administrator was made.

ATTRACTIVE CALENDARS

Among the attractive calendars that have been sent out this year is the Scottish highland scene by the Mendocino county Abstract bureau. Frank LaPorte also has a novel calendar advertising his lumber business. The back ground gives the effect of the bark of a redwood tree.

G. A. Middleton of Upper Lake spent Saturday and Sunday with friends in Ukiah.

DOCTORS FAILED. RESTORED BY PERUNA.

Catarrh of the Lungs Threatened Her Life.

Miss Ninette Porter, Braintree, Vermont, writes: "I have been cured by Peruna.

"I had several hemorrhages of the lungs. The doctors did not help me much and would never have cured me.

"I saw a testimonial in a Peruna almanac of a case similar to mine, and I commenced using it.

"I was not able to wait on myself when I began using it. I gained very slowly at first, but I could see that it was helping me.

"After I had taken it a while I commenced to raise up a stringy, sticky substance from my lungs. This grew less and less in quantity as I continued the treatment.

"I grew more fleshy than I had been for a long time, and now I call myself well."

BEGIN ACTIVE WORK FOR THE BIG FAIR

The members of the Cloverdale Citrus Fair Association have commenced active work for the annual citrus fair which will be held in Cloverdale from February 20th to 25th inclusive. The fair will probably be the largest and most successful ever held, the many big prizes being a great inducement for the growers of citrus fruit.

There will be the regular excursions over the Northwestern Pacific line and arrangements are being made to care for the large crowds who will attend. At a meeting of the association in charge last week rules governing the fair were made. All exhibits must be placed in the pavilion by noon of the first day; exhibits must be numbered and placed in classes to which they belong; no exhibit can enter more than one class and compete for more than one prize; and all of the North of Bay Counties, which includes Napa, Marin, Sonoma, Mendocino, Lake and Humboldt, are entitled to enter for premiums.

GONE TO THE HAPPY HUNTING GROUNDS

(Press' Special Service)

BOONVILLE, Jan. 9—Wm. Colti, grandson of a former chief of Anderson valley Indians died at his home in Yorkville on December 24 from intestinal trouble. Medical aid was called in but it did not avail.

Colti had a good standing in the community regardless of race, and was well and favorably known by all those among whom he worked and mingled. He was faithful, honest and industrious. He was born in Anderson valley about 61 years, ago and from early youth until 26 years of age he was reared by, and worked for the late uncle Joe Rawles and family. His remains were interred in Yorkville cemetrey, the services being conducted in the church by the Rev. Arthur Lancing of Boonville. The funeral was largely attended both by the white population and Indians, of the latter the coast Ukiah, Cloverdale and Hopland were represented, also, some from Sonoma, Lake and Napa counties attended.

The Indian custom of burying the personal and bed clothing of the deceased, placed about the coffin, was observed on the occasion. The deceased is survived by a wife.

WE KNEED THEE AND WE NEED THEE BADLY

It is reported that one of the fastidious newly married ladies of this town kneeds bread with her gloves on.

This incident may be somewhat peculiar, but there are others, The editor of this paper needs bread with his shoes on; he needs bread with his shirt on; he needs bread with his pants on; and, unless some of the delinquet subscribers to this sheet of liberty pay up before long, he will need bread without anything on, and Ukiah is no "Garden of Eden" in the winter time.

FORT BRAGG NOTES FOR BUSY READERS

(Press' Special Service)

FORT BRAGG, Jan. 10—Charles Huhtala went into voluntary bankruptcy this week and George Golden has been appointed receiver. Mr. Huhtala left for Wyoming.

W. W. Ware is confined at his home with illness.

Tax Collector Fred Smith reports that every cent of taxes due has been paid in, there not being a delinquent. This is a good record and added to the fact that the town has no bonded indebtness ought to speak good for the town.

Some time since there was a contest conducted by the members of the Baptist Young People's Union in which the losers were to banquet the winners. It fell to the lot of the side captained by Miss Hazel Tayor to put up the eats for the side looked after by C. R. Weller and tonight at Weller Hall the festiviteis will occur.

Misses Ethel Allen and Inez Mathwes return this week to resume their studies at Berkeley. Wharton Taylor goes to San Francisco to enter a business college. Leo Brandon has gone to Santa Rosa to attend a commercial school there.

LEAP YEAR PARTY LAST FRIDAY EVE

The Loyal Sons and Daughters, the two large Sunday school classes of the Christian church, held a Leap Year party in Sanford's hall last Friday evening. Besides the members of the classes there were a number of invited guests, there being about 80 present to enjoy the evening of merriment.

The hall had been decorated for the occasion and a stage arranged for the pleasing program which was rendered. A striking feature of the program, which was well in keeping with the Leap Year party, was a farce entitled "Why I Never Married." The farce was given by members of the classes taking the parts of 7 bachelors and 7 "old maids." The many peculiar circumstances in which they were placed was very amusing to the guests and the farce ended when they were all married.

Games, singing and instrumental music, which were followed by light refreshments, concluded the prorgam and it was not until late that the young people departed for thier homes after spending a most enjoyable evening.

VETERINARY DERRICK HERE

F. W. Derrick, the well known veterinary surgeon, expects to be in this city next week on a business visit. He is busy man nowadays and does not have much time for pleasure as he is government veterinary, poundmaster and owner of the Capitol stables at Vallejo. According to the Vallejo papers he has done a good work as poundmaster and has cleared the streets of worthless canines but that the press of other business may cause him to resign the position.

It is reported that A. P. Brunner has sold his residence in the western part of town to Dr. T. P. Hudson.

CORRECT LADIES VISITING CARDS

The latest thing in ladies visiting cards is an engraved of card medium size not too heavy and pure white. These cards are a little more expensive than printed cards but after the plate is made the price is very reasonable. As we have had a number of calls for engraved cards lately we have made arrangements with one of the large fimrs doing this kind of work to handle the work for us. By promising a number of orders we have succeeded in getting a special price on the work. We also have the advantage of being able to get the cards within a week which will be a great advantage to the lady who suddenly finds herself out of cards. No long waits. If you are interested call at the Press office and see samples and prices.

PHILO HORSEMAN LOSE FINE HORSE

Aug Gossman was over from Philo this week on a business visit. He will also spend a few days at Potter and visit with his friends, Mr. and Mrs. J. V. Williams on the John Guntley ranch before returning home and may conclude to go by the way of Cloverdale. He reports that the Philo Imported Horse Breeding association had the misfortune to lose their fine black German coach in October and the association is looking for another horse to take his place. They have a fine Belgian left and have some splendid colts in the valley from him. The farmers of Philo deserve great credit for their enterprise and it is to be deplored that they were so unfortunate as to lose one of their stallions. The pair cost them $5500. Mr. Gossman dropped into the Press office for a short visit and gave as his positive opinion that the Press is the best paper published in Mendocino county.

Fred Rodder is spending a few weeks in Los Angeles and the sothern part of the state on a business and pleasure visit.

THE advertisement in last months Sunset for Mendocino county was a wonder as a piece of fiction. As the supervisors disclaim any credit for it it is probable that it was wriiten by some space man on the magazine who was unacquainted with this section. Among other things it states: "Free government land with heavy timber. Mild frostless climate." It is true there is some government land left but it is mostly of a very inferior quality and as for timber the chances are that there is not an acre of land in the county open to entry with a tree on it. The people of Mendocino county have not been asleep entirely to their natural advantages and have made homes on the government land. On the other hand Mendocino county is not entirely frostless, it is true that our climate is a mild one and that even tropical fruits can be raised in certain sections especially on the warm hill sides. Our natural advantages are so many that there is no need of misrepresentation and advertising that deliberately misrepresents the county to prospective settlers should be kicked out good and hard. Mendocino county is not the county for the man without money to come and build a home in the wilderness. It is a place where a man with a little money and not afraid to work can secure a home in a delightful climate and make money on his farm. Advertisements for the county should be made to appeal to the latter class of people.

THE people of Fort Bragg are to be congratulated on their prosperity. Every dollar of city taxes has been paid this year and there will be no delinquent roll.

CLARK & HENERY CO GRANTED MORE TIME

The board of town trustees met Tuesday with Carothers, Smith and Brown present. Anker & Son were allowed $106.50 for hauling gravel and W. G. Poage $13.52 as the balance on the drinking fountain.

On resolution introduced by Trustee Brown the protests concerning the work on North State street were adjourned until Monday evening, Jan. 22.

Two bills presented by Mrs. Lucy Cleland of $60 each allowed.

Certicfiates of completion of street work were received but action deferred.

An extension of 90 days allowed Clark & Henery on their street work contracts.

L. W. Redwine requested permission to move this saloon to place formerly occupied by Harry Seims but action was deferred.

Trustees Brown and Smith appointed a committee to provide necessary hitching racks.

IMPROVEMENTS AT WILLITS OFFICE

L. .L Lincoln, a prominent official of the local telephone company, attneded to business in Ukiah yesterday. Mr. Loincoln states that many improvements will be made at Willits in the near future, he having been there the first of the week making arrangements for installing new equipment. He was enroute to his home in Santa Rosa and stopped in this city to look after the interests of the company here.

A MANLY ADDRESS BY J C RUDDOCK

The first of the Community Interest Services which are to be held at the Christian church in Ukiah was held last Sunday evening when Hon. J. C. Ruddock, the prominent local attorney, addressed a large congregation. The subjcet, "The Rising Generation," was ably handled by Mr. Ruddock and many points which deserve much attention and thought on the part of parents were brought out and discussed.

In speaking of the young men and women, particularly of the girls, Mr. Ruddock gave some facts which much be considered by mothers. There has been much favoable comment on the lecture and the first of the Community Interest Services was a great success.

Next Sunday Mr. Ford, pastor of the church, will lecture in the evening on "Progress by Protest." Prof. F. O. Mower of the local high school was to address the congregation on this evening, but his lecture has been postponed until February 25th.

WILL WED SUNDAY

Miss Adeline Giorno, one of the popular teachers of the county, and Mr. Lydick of Fort Bragg are to be married Sunday at the residence of the bride's parents in this city. The groom is one of the prosperous farmers of the coast section.

HAPPENINGS OF THE WEEK IN WILLITS

(Press' Special Service)

WILLITS, Jan. 11—The record breaking cold weather of the late fall and early winter has been followed by a warm rainy spell, which began last Sunday and continues to the present writing.

Mr. and Mrs. Eugene McPeak who have been visiting relatives in Santa Rosa, returned home last Friday.

Miss Edna Hansen and Miss Hannah Crozer our popular high school teachers returned Saturday from their holiday vacation and on Monday resumed their duties in the union high school.

Mrs. Enice Poe returned Sunday from a weeks visit with her sister in Oakland.

Mr. and Mrs. A. C. Knowles returned Wednesday from an extended visit in Los Angeles.

District Attorney Robert Duncan came up Tuesday to conduct the prosecution in Judge Whitney's court of Mike Nolan charged with selling liquor to minors in Mendocino City. The jury failed to agree so the case will come up for hearing again.

A BEAUTIFUL PIANO

Frank La Porte presented his family with an art grand Baldwin piano as a Christmas present. Of course there is nothing unusual in a man presenting his family with a piano but this one is said to be the most expensive piano in a natural wood finish ever shipped into California. It is of Circasion walnut modeled on the lines of the French colonial period of Louis 15th. The piano was purchased from Mr. Stark of Hutchison &Roeders who are handling this line of pianos.

BIG CROWD LISTENS TO DONALD LOWRIE

Donald Lowrie is an exceptional man. His actions, his manner his speech and his general makeup point to anything other than filling the qualifications of the general public's opinion of an ex-convict. His speech is firm and convincing, his manners those of a gentleman, and from what was seen of him in Ukiah, Mr. Lowrie is a man who believes in righteousness. He is a good man who has froken the law has seen both side of life and now comes to the people as a messenger warning them to guard against the mistakes made in his earlier life and of the lessons which were learned by many bitter experiences.

The Victory Theatre was crowded several times last night and great crowds gathered on the sidewalk in front of the place to await an opportunity of hearing this well known speaker. The crowd was handled well under the management of Manager Cox of the Victory and all were given an opportunity of hearing Mr. Lowrie talk of the life in prison.

There was also a large crowd at the matinee given Thursday afternoon, which was given for the children and out-of-town visitors who wished to hear the lecture on San Quentin.

Mr. Lowrie told of the actions of the guards, convicts and others connected with prisons and cited many cases where over punishment was given innocent ones. His lecture was perhaps more interesting than his daily writings in the San Francisco Bulletin in which paper a series was published on "My Life In Prison." This story created much comment throughout the entire state and was perhaps the most read of any series ever published in a city newspaper.

Ed Morell, who accompanied Mr. Lowrie, gave interesting exhibitions of the use of the "San Quentin Straightjackets" and to one who has never had occasion to visit a prison, or even then, the brutality of excessive use of these jackets would never be known. They are much more severe than the jackets used at the Insane asylums and are laced as tightly as possibly and in several cases men have died while laced in a jacket. Mr. Morrell was confined in a dungeon for five years, much of the time being spent in jackets of this kind, because the prison officials believed that he knew of weapons hidden in the prison. His part of the program also held the close attention of the large audience and after the evening performances were over there was a warmer feeling in the hearts of Ukiah people for the men confined in San Quentin than ever before.

The receipts, or the principal part after paying the expenses of last night's performance, will be given to the fund for paroled and discharged prisoners and will swell the fund considerably. Mr. Lowrie is donating much money to this use and is receiving the assistance of many of California' citizens.

Manager W. R. Cox of the Victory Theatre is to be congratulated on securing such a feature for his place of amusement and the number of people who attended last night proved that his efforts were apprecited. Mr. Cox is always alive and watching for something that will please his many patrons and at this time nothing more suitable could have been secured.

On account of the bad weather a number of people who intended to hear Mr. Lowrie's lecture were unable to attend and were greatly disappointed. Those who did not hear him last night missed something worth while, but it is possible that they may later have another opportunity as a number of requests have been received by Manager Cox to secure Mr. Lowrie to give another lecture in this city in the near future. As his services are in great demand throughout the state, it will probably be some time before he makes another visit here.

IMPROVEMENTS AT UKIAH GRILL

Samuel Legg, proprietor of the Ukiah Grill, is making many improvements at his place of busniess on Perkins street. On account of the increasing business Mr. Legg found it necessary to enlarge his restaurant and the room formerly occupied by the English, Smith & Company has been added to the space in the restaurant. The interior of the buldiing is being repainted and papered, the gas stove has been moved to the rear and the Ukiah Grill is now one of the swellest eating places north of the metropolis. Mine Host Legg is to be congratulated on his progressiveness and is receiving the share of the patronage that he justly deserves.

MANY ANSWERS TO SMALL PRESS AD

Among the many answers received this week to the small ads in the "want ad" column of the "Press," there were eight replies to one of the locals by Tuesday morning. The first anwser came late Friday afternoon, the day the paper was issued. Others followed shortly by mail and at the office.

The ad which attracted so many readers was that of one of the prominent farmers of this valley who advertised for a cook at his farm. The one who placed the ad in the paper secured a cook early Saturday morning after making a choice from the applicants. Among the answers recieved at this office by mail was one from Woodland, Yolo county, from one of the Press' subscribres in that city.

Numerous other replies to various ads were received during the week from all parts of the state, proving that the "Press" covers a large scope of territory and that it is closely read by the subscribers.

REDWOOD SHIPMENTS FROM THIS COUNTY

With nearly two million feet behind the redwood shipments from the Mendocino coast during November, December holds third place for the amount of redwood lumber shipped during the year of 1911. For the last month in the year there was a total of 11,718,000 feet of redwood shipped, 4,703,000 feet being sent to San Francisco from December 15 to 29 inclusive. The Union Lumber company again heads the list with 2,097,000feet, Albion Lumber company 1,351,000 feet, C. H. Higgins of Mendocino 395,000 feet, Cotteneva Lumber company 400,000 feet and Trower Brothers, 700 ties.

During the year a total of 146,367,000 feet of redwood left the Mendocino coats for the San Francisco habor. The shipments have ranged each month from 7,560,000 for January to 13,149,000 for November. From Humboldt county 153,061,000 feet of redwood was shipped and from Del Norte county, 1 ,746,000 feet.

PROCEEDINGS OF THE SUPERVISORS

The Board of Supervisors of this county concluded their regular busines meeting last Friday morning after a busy session in which much buisness of importance was transacted.

At the Friday morning session, on motion of Supervisor Smith, all indigent allowances in the second supervisor district were ordered continued the same as last year, with the excpetion of William Hicks; this allowance being discontinued.

On motion duly carried, all allowances in the first district were also ordered continued the same as last year.

The board then adjourned to meet Monday, February 5th, 1912 at 10 a. m.

FINE NEW FILING CABINET

A new filing cabinet of 90 drawers as just been received and installed in the Clerk's office which will be used in connection with the great register to accommodate the many names which will be added on account of the women voters. To avoid complications the names of the men and women will be kept separate in the files and in different cabinets. The new cabinet was made by the Yawman Erbe company New York and is of the elastic type so that sections may be added at any time. It is finished in dark oak and has many improvements over the old filing systems.

ARRESTED ON FELONY CHARGE

Harry H. Piggott was arrested Tuesday by O. Weger on a warrant from the justice court of Willits charging him with felony. Piggott was relaesed on $500 cash bail and a time for his hearing has not yet been set.

CUPID GETS BUSY

Cupid Hale Prather issued three licenses during the past week. Those who secured licenses were Raymond Dyer, 21, and Ruby Standley, 21, both of Westport; Henry Everett Smith, 29, and Mary Ann Steele, 19, both of Covelo; Arthur Oliver Simpson, 29, and Ethel May Traine, 17, both of Boonville.

ACCIDENTALLY SHOT HIMSELF

Alonzo Evans accidentally shot himself while hunting in Redwood valley last Sunday. He was crawling through the brush and pulled his 22 rifle after him with the usual result. The bullet struck him in the stomach and he is in a very precarious condition.

PROMINENT MAN PASSES BEYOND

James Bradford Morse a well known resident of this city and county died at his home in this city Thursday afternoon January 4th after an illness of long standing. James Bradford Morse was born in Nantucket, Mass., October 5, 1829. Came to California in '49 as second mate on the vessel, "Rose;" left home at the age of 21 sevring as a sailor for years; he served in the National Guard during the Civil War while in San Francisco. Later he went to San Mateo and held the office of sheriff for four years; from there he went to Sacramento and practiced law. Then came to Ukiah where he has since made his home; He served as post master here for several years, in the early sixties, and also held the office of county clerk for eight years. Mr. Morse was a man of fine education, and a great lover of books, and was well read and posted on the leading questions of the day; He was educated by private tutors, and in the academies of his home town; He entered Harvard at the age of 19 years; He was a descendant of Governor Bradford of Mass. and was known throughout Mendocino county as a staunch Republican; He married Mrs. Sarah Rader Quesenberry of Potter valley, and was step father of Mrs. George Gibson of that place, Mrs. Wm. Thompson of Spokane and Mrs. Laura Lane of San Diego.

His wife and seven children survive him—Mrs. Jas. McFarland, Charlie and Grace Morse of this city, Eben and Walter Morse of Sacramento, Mrs. Ed Gibson of Harney, Oregon, and Mrs. F. D. Cummings of Santa Rosa—All of whom were present at the funeral except Mrs. Ed Gibson who lived so far it was not possible for her to be able to come. As husband and father he will be missed from the home circle, and although a sufferer for many years he was carefully and tenderly cared for, and his every want supplied by a faithful and devoted wife and children.

Then weep not for him, whose weary heart is at rest from the toils of life, For nobly he's acted the soldier's part, and fought in the deadly strife. Soon the King shall come and his magic voice shall piecre even the graves deep gloom, and the wept and weeper, together rejoice as they pass to their heavenly home. Then weep not for him who has gone before, though we loved him, and miss him now, For we know his rest in the grave is oe'r, a bright crown shall encircle his brow. There's a blissful home whose alter fires are not dimmed, but burn ever more. Where love's vestal flame never wanes or tires, and where circles are broken no more. X.

NEW COTTAGE UNDER CONSTRUCTION

The new cottage at the Mendocino State Hospital at Talmage for Dr. F. E. Allen, second assistant physician at that institution, is now under construction and will be completed in the near future. The work of the foundation and frame work was completed last week, and while the present rain will delay the work somewhat, it is expceted to be completed and ready for occupancy within a few weeks. It will be conveiently arranged and the furnishings will be in keeping with the model of the building. Dr. and Mrs. Allen will be very comfortable in their new home after living for many years in the Administration building.

CHRISTIAN CHURCH NOTES

Next Sunday at the Christian church Mr. Ford will preach at 11 a. m. on the topic, "The Patrol of Peace," being the second of two sermons on "The Quiet Life." Mr. Ford will sing, "A Dream of Heaven." Mr. Mower's address in the Community Interest Series is postponed to February 25th. Mr. Ford will lecture on the topic "Progress by Protest." Benj. Joseph will play a cornet solo and Mr. Joseph and Mr. Ford will play a corent and violin duet. All are cordially invited.

NOTICE OF BANKRUPTCY

In the District Court of the United States in and for the Northern District of California.

In the Matter of Charles L. Huhtala, Bankrupt. No. 7338.

To the creditors of Charles L. Huhtala, bankrupt, of Fort Bragg Mendocino County, California.

Notice is hereby given, that on the 10th day of January, 1912, the said Charles L. Huhtala, was adjudged bankrupt, and that the first meeting of his creditors will be held at my office in Ukiah, on Saturday the 27th day of January, 1912, at the hour of 2 o'clock p. m. at which time and place the said creditors may attend, prove their claims, appoint a trustee, examine the bankrupt and transact such other business as may properly come before said meeting.

Dated this 11th day of January, 1912.

T. L. CAROTHERS,
Referee in Bankruptcy.

ORDER APPOINTING TIME AND PLACE FOR HEARING PETITION FOR DECREE DECLARING HOMESTEAD VESTED AND DIRECTING NOTICE.

In the Superior Court of the State of California in and For the County of Mendocino.

In the Matter of the Application for a Decree Declaring and Determining that Homestead Vested in Emily C. Mahlmann, Widow and Surviving Spouse of A. F. Mahlmann, Deceased, upon Death of A. F. Mahlmann.

William T. Mahlmann, Administrator of the Estate of Emily C. Mahlmann, alias, deceased, having on the 11th day of January, 1912, filed in the above entitled Court his verified Petition praying for a Decree declaring and determining that the homestead set out in the said Petition vested in Emily C. Mahlmann, surviving spouse, upon the death of A. F. Mahlmann, and it appearing to the Court therefrom that said A. F. Mahlmann is dead, that said Emily C. Mahlmann survived him and was his widow and surviving spouse; that at the time of the death of said A. F. Mahlmann said A. F. Mhlmann and his wife Emily C. Mahlmann were the owners of and occupying certain lands in Mendocino County, State of California, in and near Littleriver in Mendocino County, State of Cailfornia, which lands are particularly set out and described in said Petition, together with the improvements thereon and the appurtenances in connection therewith:

That said A. F. Mahlmann and Emily C. Mahlmann filed a declaration of homestead upon said premises, that said Emily C. Mahlmann is now deceased and the petitioner is the Administrator of her estate and is interested in said property;

And it appearing to the Court that Notice by posting and publication is sufficient notice to be given of the hearing of said Petition:

MANY GOING TO LOS ANGELES

Mendocino county will be largely rperesented at the meeting of the Counties Committee in Los Angeles the latter part of this week. A number from Ukiah are atteding the meeting, with others from the county to swell the party.

Prominent among those who attended from Mendocino county are Chairman H. F. Milliken of the Repbulican County Central Committee from Fort Bragg, P. I. Lancaster and Ex-Supervisor W. T. Saxon, both prominent and progressive citizens of Willits. These gentlemen passed through Ukiah Tuesday afternoon enroute to San Francisco to attend the meeting of the North of Bay Counties' Association which was held in the Ferry building Wednesday. Mr. and Mrs. J. W. Eversole of Ukiah left Wednesady morning from Ukiah and to join the party at San Francisco.

The party assembled in San Francicso Wednesday evening and took the morning train on the coast line for Los Angeles. There were fully 500 pasengers aboard when the train left the station in the metropolis. In addition to the Counties Committee session, the State Convention of Supervisors will be held in the south at the same time. The tickets sold are good for 14 days, or until the night of January 24, for returning.

ORDER SECOND SAMPSON ENGINE

Messrs. Verra and Scontraino, who own a large ranch in Coyote valley, have added a second Samson engine to their equipment on the ranch and are making many improvements. They have, perhaps, the largest dairy in that section and turn out great quantities of butter and cheese each month. They purchased a large Sanmson engine some time ago to operate the pump in connection with their irrigating system and the new engine, which is of the 6 horse power type, will be used to operate their large cream separator. The sale was made by the Ukiah Valley Irrigation company, who have offices on School street.

MAXWELL FACTORY TO MAKE NEW CAR

B. D. Van Nader, the local agent for the Maxwell automobiles, has just received a notice from the factory of this well known machine, that the company will add a new model car to their line. The new machine will be ready for delivery on this coast in the early spring, Mr. Van Nader having been advised to promise deliveries as early as March 1, 1912.

It is probable that the new machine will be a ready seller and a great favorite with the automobile enthusiasts. It will be of the 22 horse power class, fitted with three styles of bodies, toruing car, four-passenger roadster, and speedster. It will have the three speed, selective type, transmission and is equipped with 32 by 3½ tires. The body will be made on the classy straight line type with fore doors and it will be highly finished. The car is expected to sell at about $850, Ukiah delivery.

This will make eight models for the Maxwell factory, which is one of the largest and pioneer factories of the United States. The horse power of the Maxwell line range from 16 to 36, and the prices rfom $675 to $1,600.

MOVES TO HIS FARM

Marion Todd has moved his household effects to his large farm north of town and will live there during the winter. Mr. Todd owns a valuable piece of property in a rich section and has one of the best ranches in this vicintiy. He expects to make many improvements in the near future and will engage in farming on a systematic basis. Mr. Todd was formerly messenger on the Northwestern Pacific trains, which position he resigned to take up the work on his farm.

COMMERCIAL BANK ELECTS DIRECTORS

The annual meeting of the stockholders of the Commercial bank was held last Saturday and the old board of directors unanimously reelected. The bank declared its usual dividend and carried an equal amount from the earnings to the reserve fund which is now $25,000, being one half of the original capital. They report an exceptionally good year. The directors are: G. W. Scott, San Francisco; H. B. Muir, Willits; R. E. Donohoe, P. Connolly, and W. P. Thomas of this city.

G. W. Lane of Calpella was in town yesterday.

Faint?

Have *you* weak heart, dizzy feelings, oppressed breathing after meals? Or do you experience pain over the heart, shortness of breath on going up-stairs and the many distressing symptoms which indicate poor circulation and bad blood? A heart tonic, blood and body-builder that has stood the test of over 40 years of cures is

Dr. Pierce's Golden Medical Discovery

The heart becomes regular as clock-work. The red blood corpuscles are increased in number--and the nerves in turn are well fed. The arteries are filled with good rich blood. That is why nervous debility, irritability, fainting spells, disappear and are overcome by this alterative extract of medicinal roots put up by Dr. Pierce without the use of alcohol. Ask your neighbor. Many have been cured of scrofulous conditions, ulcers, "fever-sores," white swellings, etc., by taking Dr. Pierce's Discovery. Just the refreshing and vitalizing tonic needed for excessive tissue waste, in convalescence from fevers or for run-down, anæmic, thin-blooded people. Stick to this safe and sane remedy and refuse all "just as good" kinds offered by the dealer who is looking for a larger profit. Nothing will do you half as much good as Dr. Pierce's Golden Medical Discovery.

ABOUT THE FARM

EDITED BY C. A. BERNHARD

Secretary of the Ukiah Farmers' Club

PRINCIPLES OF FERTILITY.

(Continued)

There are certain elements or compounds of elements which every growing plant must have. For instance, we are all sure that plants need water but very few could tell how plants use the water after they get it.

EXPERIMENTS WITH WATER.

Suppose we take two small flower pots and fill each with good soil. One we place in an oven and bake it until the water is evaporated. The other we keep moist. Now plant two plants in these pots. Any farmer knows that the plant placed in the dry soil will soon die while the other will continue to grow. Why is this true?

Now take two similar plants and put them in empty pots. Fill one pot full enough of water to cover the roots and leave the other pot empty. One plant soon dies and the other lives several days and then dies. Now if it was water in the first experiment which caused the plant in the moist soil to grow why does not the water in the second experiment keep the plant growing?

Again, suppose we take some beans and plant them in three pots. The first pot has dry soil; the second has moist soil; the third has soil which has water standing one inch above the soil line and we are careful to keep these pots in this way. The beans in the dry pot never grow; those in the moist soil grow rapidly and well, while those in the pot with soil covered with water come up and grow for a while but soon die or get very sickly. Why?

In the above we see that plants will not grow without water and they soon die with too much water, no matter whether they are in the soil or out of it. It seems to me then, that any close observer and student of farming is lead at once to the conclusion that he should by all means know exactly what water has to do with plant growth. I cannot understand how any farmer can expect to raise good crops, either by irrigation orw ithout it, unless he can give the correct answer to this question in the language of the chemist. I used to think this applied with most force to irrigation farming but closer observation has taught me that it is equally important when farming by natural miosture. Every summer I see many lawns and gardens which are a good deal like a half-drowned kitten: they are alive and growing but look pretty sickly. Their owners say, "My, but this is poor soil. It takes an awful lot of water to make anything grow." Later on in this series I will try to answer this question of the relation of the water to the plant.

THE WORK OF AIR.

Take two cuttings of some palnt which will develop roots in water (such as Wandering Jew). Get two large mouth bottles and fill nearly full of water, put a cutting in each and on one pour melted paraphine over the water so as to seal it and exclude the air. In a few days you will find that the cutting in the open water will be developing a root system while the one under the paraphine is not and never will. Why? It is not enough to say "because it couldn't get any air." That does not tell why the roots would not grow.

Place a small potted plant, pot and all, in a Mason fruit jar. Pour water in until nearly to the level of the soil in the pot. Screw on the lid tightly and leave alone for a few days. You will soon see a very sick plant. Why? It must be that the plant either needs the air or something contained in the air. Which and why?

Go out to a field of clay soil and get enough soil to fill a tomato can. Wet this soil thoroughly and then need and stir until you have a good stiff paste. Put the same amount of this soil in another can but wet it just a little and stir so as to keep it loose. Now plant radish seeds in each. Give each the same amount of water daily, stir the loose soil each day but never stir the paste soil. You will soon find that something is wrong in this paste soil for your radishes are very sickly. What is the matter? Why?

LIGHT.

We all know that plants need light. For instance we rememeber the potatoes growing in the cellar with their long yellow sprouts, sometimes two feet long and stretching up towards a window. Suppose we take a potted plant and cover it with a cone made of thick black paper. After several days we take the cover off and discover that the plant is quite yellow. Why? What has light to do with plant growth anyhow?

PLANTS NEED CARBON.

Burn in a flame various portions of a plant. Observe the balck substance on the charred end of the piece of plant. It will make a black substance on the charred end of the piece of plant. It will make a black mark. It is something like commercial lamp black. Its name is Carbon. It is in large quantities in all plants therefore plants need it. Where do they get it?

NITROGEN.

Burn in a flame some horse hoof chips, some hair, or even a piece of meat. Do you notice the bad smell? That is the nitrogen. Where did the animal get it? From the plants which he eats and that is the only way. Where did the plant get it? We will see later. For the present I want you to be sure that it is in the plant.

SULPHUR.

Lay a very small piece of sulphur on a silver coin and touch it with a flame. When the sulphur has burned away look at the coin. The black substance which you see is silver sulphide and is caused by some of the silver uniting with some of the sulphur. You noted that bad smelling gas. It was caused by some of the sulphur unting with some of the oxygen in the air which formed sulphur dioxide.

With a bright silver spoon chop up a hard boiled egg and leave the spoon in the egg for a few minutes. Note that the spoon has turned black as did the coin when you burned the sulphur. The spoon was made black by some of the sulphur in the egg uniting with the silver of the spoon and forming silver sulphide and the same as when we burn the sulphur on the coin. All animals contain sulphur in their bodies and they get it from the plants, therefore plants need sulphur.

ELEMENTS, COMPOUNDS MIXTURES.

Of the above materials, water is a compound , air a mixture, carbon, sulphur and nitrogen are elements. Last week we defined elements to be things which cannot be separated into two or more substances and compounds to be chemicals union of two or more substances. A mixture is not a compound as we use the term in chemistry. Oil and water may be placed in a bottle and shaken vigorously and they will not unite to form a compound. Sand and wheat might be put together and stirred for hours and the result would only be a mixture. No new substance would be formed. With chemical elements many compounds are formed by the union of the elements into what may seem a new substance.

In order to understand this substance more fully we will here discuss the theory of molecules. All matter, of whatever kind and all material things are made up of minute particles called molecules. These are so exceedingly small that they cannot be seen even by the aid of our most powerful microscopes. Lord Kelvin, a famous authority on such matters tells us that if we were to magnify a single drop of water until it looked the size of the whole earth, the molecules of which it is composed would be about the size of tennis balls.

ATOMS.

Each molecule in its turn is made up of still smaller parts called atoms. The number of atoms to a molecule differs with different substances but is always the same in any given subsance. For instance, every molecule of water is made up of two atoms of hydrogen and one of oxygen; of hydrogen sulphide, two atoms of hydrogen and one of sulphur; of silver sulphide, two, atoms of silver and one sulphur; and of sulphur dioxide one atom of sulphur and two of oxygen. Air is a mechanical mixture because the atoms of nitrogen and of oxygen do not unite.

PLANT FOODS.

So far we have named and described briefly a few of the things a plant must have, but not all. If time and space would permit I might easily give simple exercises which would show clearly the other foods

REGARDING

The Lake County Canning Company

The Lake County Canning Company, recently incorporated, with headquarters at Ukiah, has a capital stock of $100,000. It is bound to be from now on one of the leading industries of Medocino and Lake Counties. The entire project is one of VITAL IMPORTANCE to the farmers and businessmen alike. While the main canned product is to be the **Famous Lake County String Bean,** it is proposed to can all kinds of fruit and other vegetables as well. This means the creation of a LARGE PAY-ROLL, as well as an increased market for the ready absorption of local products. This enterprise should receive the support and co-operation of the entire community.

STOCK NOW OFFERED FOR SALE

The organizers of The Lake County Canning Company are now offering the stock at **$10.00 per share**. Several blocks of this stock, amounting to $17,500.00 have ALREADY BEEN SUBSCRIBED. Since the Company is in ACTIVE OPERATION the value and price of the shares will not remain at their par of $10.00. Therefore the time to invest is NOW.

The Lake County Canning Company desires and invites closest investigation of its proposition.

NOTICE OF SALE

Office of Tax Collector of the County of Mendocino State of California.

Notice of sale of property of the State pursuant to section 3897 of the Political Code.

Whereas on the 2nd day of January, 1912, there was received by me and filed in my office a written authorization under the hand and seal of the Controller of the State of California, which said authorization was and is in words and figures following:

NOTICE.

Controller's Department,)
State of California.)

To the Tax Collector of the County of Mendocio, State of California:

Whereas, on September 18, 1909, there was filed and recorded in the Controller's Office of the State of California, certain deeds conveying to the people of the State of California the title to those certain lots and parcels of land hereinafter described;

And, Whereas, said deeds recite the fact that said property hereinafter described was struck off and sold to the people of the State of California for the non-payment of State and County taxes, penalties, and costs, and all charges levied and assessed against said property for the year 1903;

And, Wheeras, five years have elapsed since the date of said sale, and no redemption, according to law, has been made of said property, or any part thereof;

Now, Therefore, in pursuance of the law, and in accordance with the provisions of Section 3897, Political Code, as amended March 19, 1907, I, A. B. Nye, Controller, of the State of California, by virtue of the authority in me vested by the laws of this State, do by these presents authorize, empower, and direct you, the said Tax Collector, to sell at public auction, in separate lots or parcels, the property hereinafter described, in the manner following: Public notice shall first be given of such sale by publication for at least three weeks in some newspaper published in the county, or city and county, or if there be no newspaper published therein, then by posting a notice in three conspicuous places in the county, or city and county, for the same period, which notices must state specifically the place of, and the day and hour of sale, and shall contain a description of the property to be sold and shall also embody a copy of this authorization.

The property above referred to, and hereby authorized to be sold, is situate, lying and being in the County of Mendocino, State of California, bounded and particularly described as follows, to wit:

Property sold to the State June 30, 1904 for taxes of 1903. Lots 19, 20, Sec. 11; Lot 3, Sec. 13; Lot 1, Sec. 14, T. 17, R. 14. Deed No. 1.

That no bid shall be received or accepted at such sale for less than the amount of all the taxes levied upon such property, and all costs and penalties for every year delinquent as shown by the delinquent rolls for said years to the date of the execution of the deed to the State, and all expenses accrued to the date of the sale under this section, together with interest at seven per cent per annum from the first day of July following the delinquency in each of said years to the date of the sale hereunder, computed upon the aggregate amount of such delinquent taxes, penalties, and costs.

That said sale shall be conducted in all respects as by law governing such sales.

Given under my hand and seal of office, at Sacramento, this 30th day of December, A. D. 1911.

A. B. NYE, Controller.

By D. A. MOULTON, Deputy.

Now, Therefore, in pursuance of law and the statute aforesaid, public notice is hereby given, that I will on Saturday February 3rd, 1912, at the hour of ten o'clock a. m., in front of the Court House at the main entrance to the Court House in the Town of Ukiah City County of Mendocino State of California sell at public auction to the highest bidder for cash in lawful money of the United States the said property hereinbefore in said authorization described which authoriaztion is hereby made a part of this notice to wit:—

ABOUT THE FARM-- BY C. .A BERNHARD

(Continued from Page 6)

which enter into plant growth. The entire list may easily be seen by taking a bundle of wheat just as it comes from the binder. Quoting directly from Mr. Johnson's "One Hundred Experiments" mentioned in last week's article: "A bundle of wheat weighs about 10 pounds, and nearly nine and one-half pounds of this material are taken from the water and carbon dioxide of the air. The other approximate half pound contains ten simple substances (not any two of which are present in equal amounts) as follows:

Nitrogen in the form of Sulphate of ammonia 771 grains; Potash in the form of potassium oxide 461 grains; Phosphorus in the form of phosphate of lime 347 grains; Sulphur in the form of calcium sulphate. 123 pounds, Sodium in the form of sodium carbonate 55 grains; Chlorine in the form of sodium chloride 28 grains; Iron in the form of iron oxide 2 grains; Silicon 1754 grains; Lime 162 grains; Magnesium 126 grains; Total about ½ pound.

These materials all come from the soil and a large part of the farmer's labor is devoted to supplying these ten elements which go to make up this half pound."

Next week we will try to find out how the plant gets these 13 elements discussed this week. In other words, how does a plant eat and how must its food be prepared.

QUIETUS PUT ON MUNICIPAL SALOON

The supervisors of Lake county put a quietus on the Lower Lake municipal saloon proposition at their regular meeting last week, also settling adversely the hopes for any liquor licenses being granted in that district before a general election.

Lower Lake voted "dry" at the last general election. In November, 1911, a local option election was held in the district under the new Wylie law, the total vote being in favor of granting licenses. According to the District Attorney's opinion there is a gap on this point, and the county ordinance applies, prohibiting any liquor licenses being granted until another election. Thereupon the advocates of licenses in Lower Lake, who, previous to the local option election, had envolved a plan of having but one saloon in the town, to be conducted by a board of five directors, sought to have the ordinance amended to circumvent this "dry" state of affairs.

This the supervisors declined to do in their vote on a resolution to this effect. The supervisors, with the exception of Adamson from that district, voted in favor of the resolution.

LEAVE FOR THE EAST

Luther Redemeyer and Joe Landrum, both well known citizens of Mendocino county, left last Thursday morning from San Francisco en route to New York where they will spend sevreal weeks sight-seeing and visiting relatives. Mr. Redemeyer owns a large ranch north of Laytonville, but makes his home in San Francisco, while Mr. Landrum is a prominent citizen of the northern part of the county. They expect to be absent some time and will undoubtedly enjoy a pleasant trip.

ANOTHER FORMER OFFICIAL DIES

(Press' Special Service)

BOONVILLE, Jan. 9—On the morning of January 3, Robert F. York of Yorkville dropped suddenly dead immediately after partaking of a hearty breakfast He was in his usual good health up to that time and chopped wood all the preceding day.

He died in the same residence which he with his stepfather, the late R. H. York, and family had occupied 46 years previously. The cause of death was pronounced heart failure by the coroner. The interment took place in Yorkville cemetery, the funeral services being conducted by the Rev. Arthur Lancing of Boonvlile. He was born in Tuolumne county in this state October 10, 1859, and when 3 years old he with his parents moved to Stockton, and two years later to the ranch commonly known as the Dick York ranch of Yorkville.

The subject of this sketch was one of the earliest pupils of the Rancheria, now Yorkville, public school when that district was originally formed. He after attended the San Jose state normal school and graduated with high honors, and susequently took up a course in land surveying and civil engineering and became well equipped in these departments.

He was elected county surveyor two successive terms by large majorities and served the public well, and afterwards made a trip to Alaska, reamining there about three years.

He is survived by one son, Emmet, and one daughter, Maud, one sister, Mrs. John McAbee, one half brother, Van H. York, and two half sisters, Mrs. Viola Hunt, and Mrs. Laura Lowry, besides several relatives. He was a bright, intellectual man, of noble character, and possessed many excellent traits. Peace to his ashes.

INTERNATIONAL FAIR ILLUSTRATED

George Alexander of Albion has secured the exclusive agency for the International Fair Illustrated for this county and his ad for canvassers and agents will be found in another column. The International Fair Illustrated is a new magazine that is being published in San Francisco to boost the Panama-Pacific exposition and is well filled with pictures and interesting articles bearing on the coming event and other things interesting regarding the coast. It is the best magazine of the kind ever issued on the coast and will undoubtedly be a success. The price is reasonable and Mr. Alexander should undoubtedly secure a good list in this territory.

MANY FOREIGNERS SEEK THE BALLOT

These are busy times in the office of County Clerk Hale McCowen and many petitions of foreigners who wish to become naturalized have been received at the office. Wednesday, May 1, 9112 has been set as naturalization day in the superior court and the final hearing of many petitions will be at that time. Those desiring hearing in May are now preparing their petitions, which must be filed with the County Clerk not later than January 31, 1912, leaving only 19 more days in which to file the papers.

This will undoubtedly be the largest "naturaliaztion day" ever known in the superior court of this county as a great number of petitions have been filed.

Among those who have already filed their petitions and who will have their final hearing on the first day of May are John William Nelson of Albion, a native of Sweeden, who arrived in the United States June 15, 1893; Axel Tndor Nilson of Albion, a native of Sweeden, arrived in the United States April 7, 1893; Charles Edward Johnson of Albion, a native of Sweeden, arrived in the United States in December, 1887; John Nonella of Manchester, native of Switzeralnd, arrived in this country January 14, 1903; Emilio Buffi of Ukiah native of Italy, arrived here July 14, 1899; and John Edward Pinoli of Christine, native of Italy, who arrived in the United States April 29, 1903.

THE PEOPLE WERE INTERESTED

B. F. Toles, breeder, of fine ducks, is another of those converted to the belief that Press ads pay. Frank has some Indian runner ducks of which he is pardonably proud and the Press reporter gave him a writeup on them recently. The result was that a number of people visited his yards to inspect this "mortgage raiser." Frank is now able to furnish sittings of eggs and is advertising the fact in another column of the Press. He has a fine strain of ducks and those contemplating raising Indian runners can not do better than to give him a call.

PEOPLE PLAINTIFFS IN CRIMINAL CASES

Two cases were commenced in the superior court this week in which the People of the state are plaintiffs. Both cases have now been settled, one in the justice court and the other in the superior court.

The first was a case from Hopland in which L. A. Hedger was defendant. Hedger was arrested at Hopland Sept. 8th by Game Warden Lea of Cloverdale for killing a female deer, which was alleged to have been killed on the first day of August. He gave bail in the sum of $50 and returned to his home in San Francisco. As he did not appear at the time set for hearing the case, the bail money was declared forfeited. A decree was made later, however, setting aside this order and the defendant was allowed to enter a plea of guilty. He was fined $50 by Judge Will Huntley of the Hopland jusitce court.

The case of the People against Thomas Sullivan was also filed in the superior court this week, the papers being received by Clerk Hale McCowen Wednesday. Sullivan was arrested at Fort Bragg several weeks ago on a felony charge, that of burglary. He was sentenced in the superior court yesterday morning.

In the probate court one petition was filed during the week, that being in the matter of the estate and guardianship of G. Helen Hall and Harold M. Hall, minors. R. M. Hall has petitioned for appointment of guardian in this matter through his attorneys, Thomas & Thomas. The estate consists of two promissory notes, one given by L. C. Wilkins on December 10, 1910, for the sum of $600 and the other given by J. Wattenberger on March 18, 1909 for $200. The petition will be heard in the superior court Monday, January 15, 1912, at 10 o'clock a. m.

CALLED HOME ON A SAD MISSINN

Mr. and Mrs. Abe McKenzie were called to Napa county last week to attend he funeral of Mr. McKenize's aged father, who passed away last Thursday evening. Mr. McKenzie is the popular baggage man at the local depot of the Northwestren Pacific and has the heartfelt sympathy of his many friends in his bereavement.

His father, Alexander McKenzie was 71 years old and a pioneer resident of this state, coming to California nearly a half-century ago from Nova Scotia. He settled at what is now the city of Monicello, in Napa couny, where he has lived for the past 42 years. Mr. McKenize was a man of great integrity and held the highest respect of his neighbors, among whom he has lived since coming to the Golden State. He leaves a wife and ten children to mourn his loss, who have the sympathy of a host of friends.

The funeral was held at Monticello Sunday, December 31, and the remains were laid to rest in the I. O. O. F. cemetery. The deceased had been a member of the order of Odd Fellows for the past 22 years and took a great interest in the lodge work, being one of the most prominent mebmers in his home town.

PRESBYTERIAN CHURCH NOTICE

Dr. E. A. Wicher of San Anselmo will occupy the pulpit of the Presbyterian church both morning and evening Sunday January 14th. He will preach in the morning at 11 o'clock from the topic "The Vision of Isiah," and in the evening at 7:30 on "The Gosoel According to St. Paul." Vincent Giorno will sing the offertory solo at both services. All are cordially invited to attend these services.

CALIFORNIA FOR THE SPORTSMAN

The Southern Pacific has just issued a splendid publication entitled California for the Sportsman. It is illustrated from photographs of California game birds and animals and contains much valuale information even to the California hunter. It will however be greatly appreciated in the east and will undoubtedly draw many people who love sport in the open to this state. All together it is one of the best publications that the Southern Pacific has issued and they have a number to their credit.
